Also the site where No. 1 treaty was made between the Crown and the Chipewyan and Swampy Cree Indians on August 3rd, 1871, whereby those tribes surrendered all their rights to the lands comprised within the boundaries of Manitoba as then existing. (P.T.H. No. 9).

Fort Rouge, Garry and Gibraltar, in the City of Winnipeg. Tablet affixed to the gateway of Fort Garry in the park near the corner of Main and Broadway, marking the site of Fort Rouge established in 1726. Fort Gibraltar in 1804, old Fort Garry in 1821 and new Fort Garry, 1850-1859.

On the Canadian Pacific Railway Station grounds stands the first railway engine, "The Countess of Dufferin," brought into western Canada. This engine was brought to Winnipeg on a barge down the Red River.

In St. Boniface the Cathedral of the Roman Catholic Church on the site of the first Catholic church in all the west and on the site on which was erected the cathedral made famous by John Greenleaf Whittier in his poem "The Red River Voyager" and its reference to "its turrets twin." In the grounds there is a monument to the leader of the Metis in his lifetime.

Dominion Land Survey System near Headingley, 12 miles west of Winnipeg. Cairn and tablet mark the site where the first modern survey on the Dominion Land Survey was placed on July 10th, 1871. Here was commenced the survey forming the basis of land tenure in the Western Provinces. (P.T.H. No. 1, W).

Fort La Reine, Cairn in Portage la Prairie, to mark the site of the fort built in October, 1729, by La Verendrye, from which he carried on his explorations. (P.T.H. No. 1, W).

Cairn erected in the town of Wawanesa on the banks of the Souris River to commemorate events associated with early fur trading posts and forts built between 1785-1825 from which ran the fur trade routes to the Mandan country and which was headquarters of David Thompson, explorer and geographer from 1797-1798.

In 1802 Alexander Henry Jr., fur trader and explorer, built the North-West Company post called Fort Pinaceawaying. It is situated 2 miles southwest of Morden on the shores of Lake Minnewanka.

As a tribute to the great explorer, Pierre Gaultier de la Verendrye a boulder cairn was erected during 1949, at the junction of No. 3 Highway and Windygates Road, by the Public Works Department, Highways Branch, in co-operation with The Historic Sites and Monuments Board of Canada. La Verendrye was the first white man to reach southern Manitoba (1738) in his explorations in search for the "Western Sea."

Fort Dufferin Memorial Cairn. In 1874 the newly organized North West Mounted Police, now the Royal Canadian Mounted Police, began their mounted trek to bring law and order to the western plains. The headquarters from which the force took power was Fort Dufferin, in the United States border on the Red River. In commemoration of the fort and of its connection with the Mounted Police a cairn has been erected near the site by the Historic Sites and Monuments Board of Canada. The cairn with its explanatory text is located alongside Highway No. 75 two miles north of the town of Emerson.
